

St. Charles Track & Field Student/Parent Agreement - 2015

We have a copy of the St. Charles Track & Field Parent/Student Handbook 2015, and we have read it in its entirety. We understand and intend to follow the policies and expectations to the best of our abilities.

We understand that participation on this team requires every athlete to attend EVERY meet. The coach will only make an exception to this rule in case of illness or emergency or if you already know ahead of time that there is a schedule conflict. If there is, please circle below the date of the meet for which your child will NOT be available.

* We will also do some type of community service as a team (TBD later). All members of the team are expected to participate.

Finally, athletes agree to consult me before running any 5k road races. We need to minimize overuse injuries and maximize performance during the season. Adjustments in training may need to be made if kids are running additional races.
